# REPORTS.

## 1. REPORT OF COMMITTEE ON EDUCATION.

Your committee do not understand that it is to present a report upon the general subject of education, as that would embrace the question of the policy of the State in the establishment and conduct of its general system of free public schools, as well as higher education in our academies, colleges and universities, about which there are differences of opinion.

The scope of the committee's enquiries, therefore, will be confined to our denominational schools, and the duty of our denomination respecting them.

It is proper, however, to re-affirm the position of Baptists in a general way, by stating that they are the unfaltering friends and advocates of education, as shown by the large number of institutions all over our great country founded, fostered and patronized by Baptists.

We live in a most remarkable era of the world's history. Remarkable for the rapid progress and development in fields of science and learning hitherto unexplored, or only partially explored. Our means of transportation and inter-communication are the wonders of the age in which we live. With these come increased demands upon us as a denomination to maintain our denominational schools and keep pace with the progress of the world around us.

If we are derelict in this we will find ourselves lagging in the rear, and our sons and daughters would soon be seeking the advantages afforded by the most ambitious and progressive institutions, which would eventuate in the loss of these to our denomination.

We believe it to be the duty of Baptists everywhere to avail themselves of the very best facilities for the intellectual, moral and religious education and development of their sons and daughters; but, other things being equal, that they ought always to patronize our denominational schools of which there are quite a number.

Your committee, however, will only mention those, viz.: The Theological Seminary at Louisville, Ky., Mississippi College at Clinton, Miss., and the Rawls Springs Academy at Rawls Springs, Perry County, Miss.

Of the first of these, it is only necessay to say, that it is perhaps second to no similar institution in the United States. It is a school only for ministers of the Gospel or those intending to devote their lives to that lovely and exalted calling, and without attempting to elaborate the advantages afforded by that institution, your committee commend it with pride and confidence to all young ministers or those who intend, in obedience to the Divine Call of the Spirit, to enter the ministry, who can do so, to avail themselves of its advantages to better fit and qualify them for the duties and responsibilities of their holy calling.

### MISSISSIPPI COLLEGE.

This is our own State institution, located at Clinton, Miss. Whilst your committee believe that it could be more judiciously located, and express the hope that the day is not far distant when the denomiations in the State will come to see as we do, and authorize the Board of Trustees to take the necessary steps to remove it to a more suitable

point in the State, yet your committee would not, under any circumstances, have the denomination abate one jot or tithe of its zeal in the support of this institution.

The efforts to endow Mississippi College have been crowned with a measure of success that is peculiarly gratifying to all true Baptists.

Fifty thousand dollars have already been secured and a considerable portion of the next ten thousand subscribed.

Let us not relax our efforts, but let every Baptist within the bounds of this Association do what he can to aid in the successful endowment of this institution with ample funds to place it beyond all question of doubt as to its perpetuity and efficiency as a great Baptist institution worthy of the support and pride of our denomination.

This endowment fund is to be permanently invested in interest bearing securities and only the interest can be used for the maintenance of the college.

RAWLS SPRINGS ACADEMY.

This institution is located at Rawls Springs, about 7 miles west of Hattiesberg and near the projected line of the Gulf & Ship Island Railroad.

The location is a good one, in the midst of a healthy country, and your committee earnestly congratulate the denomination and all the friends of this institution upon the selection of Mr. J. P. Williams and his excellent and accomplished wife as principals of this institution. The information of your committee is that they are thoroughly competent and consecrated, and we earnestly commend it to the patronage and good will of all the people within the bounds of this Association.

Your committee recommend that the Trustees of this school be required by some rule or order of this Association to submit an annual report to this Association of the conditions and needs of this institution.

Respectfully submitted,

W. H. HARDY,
Chairman.

## 2. REPORT OF COMMITTEE ON TEMPERANCE.

The day of the grog shop and that which it *produces*, the *inflamed passion* and the *deadly weapon*, is rapidly *passing away*.

Conviction against the *drink habit* and the iniquitous traffic has never been so near in accord with the teachings of science and God's word as to day. Upon this joyous fact we congratulate the citizenship of our great country. In our *own* State, of the *seventy-five* counties composing it, forty have put the seal of *disapprobation* and *execration* upon the debauching drink traffic; and the school of vice, the saloon, has been driven from their borders.

The liquor traffic is our most deadly foe, doing untold harm to the human race; a prolific source of distressing poverty, *vice*, *crime* and *misery*.

*Manhood is destroyed, hearts broken, homes desolated* and it is a very great obstacle in the way of the Gospel in every land.

Since the drink habit and its necessary attendant, the traffic, are antagonistic to Christianity and all that is pure and good, all Christians and the churches should be against them. We believe that whoever takes a drink of intoxicants as a beverage is clearly on the side of this body and soul destroying evil.

We deem it utterly inconsistent with the character and profession of the members of the Church of Christ to encourage this traffic by

dram-drinking, or aiding and abetting in any way or manner whatever.

We urge that the great need of the time is "Church Prohibition," and that our churches should demand of their members an absolute and entire separation from the rum traffic.

We recommend that we avail ourselves of every proper method for the suppression of the liquor traffic, and that every Christian voter vote, as he prays, for only such men and measures as promise relief from this soul-destroying and God-dishonoring evil. We again urge that instruction on the hygenic effects upon the human system of alcohol be introduced into all the colleges and high schools of our denomination; and that we never relax our efforts until our State shall enact a law requiring instruction on these subjects in all our schools supported by public money or under State control.

Your committee are thoroughly convinced that the most successful way to suppress the traffic in intoxicants, is *Constitutional Prohibition*; and that we declare the license system, high or low, as applied to the liquor traffic, wrong in principle and a crime against God and man; that there can be no compromise with this evil; that absolute, unconditional prohibition, is the end at which we should aim and the ultimatum which alone we are willing to accept.

Since our Constitutional Convention has failed to give this commonwealth a prohibitory clause in our Constitution, or even to stamp the saloon as a public nuisance, we urge the enactment by the next Legislature of a State prohibitory law, severing at once and forever the partnership now existing between the State and the liquor traffic.

We recommend and earnestly plead for the canstant agitation of the temperance question throughout our State; and that we use the pulpit, the press, the Sabbath School and temperance literature to mould sentiment against tippling, and in favor of banishing these dens of vice from the land, ever remembering that this is God's cause, asking divine guidance from Him, and imploring His blessings on our efforts.

Your committee recommend further, that we re-affirm with emphasis the following resolutions:

*Resolved*, 1st. That it is the sense of this Association, that for any minister or church member to visit saloons, sign whisky petitions, go on the bond of "liquor sellers," vote "for the sale," or, in any way countenance or encourage the traffic in intoxicating liquors, is unchristian conduct and should be brought under church discipline.

*Resolved*, 2nd. That we will withdraw from any church, and refuse to receive any church failing or refusing to enforce discipline as set forth in the foregoing resolutions.

W. H. PATTON,
W. S. ROGERS,
W. S. DOBBS,
J. H. MCCALL,
J. D. JAMESON,
Committee.

### 3. REPORT OF COMMITTEE ON MISSIONS.

Our Lord Jesus Christ says the field is the world. The great commission embraces all of it. For convenience, facilitation and efficiency we devide this field into three departments known as State, Home and Foreign Missions. For the occupancy of this great field our Southern Baptist Churches combine into Associations, Conventions and Boards.

The Convention Board of Mississippi, operating through its faithful

Secretary, our beloved J. T. Christian, is doing a grand work.

While modern missionary societies date back to the organization of the first missionary society, under the direction of William Cary and Andrew Fuller, in Kettering, England, October 2, 1792, yet the great subject of missions reaches back across the ages and finds its origin in the rise of Christianity. The missionary operations of God's people have varied in the different ages and countries through which they have come down to the present time. The command of Jesus Christ to every church which claims Him for its founder and head is, "Go teach all nations, baptizing them in the name of the Father, the Son and the Holy Ghost."

Baptists are strong advocates of obedience, yet, many of them are very disobedient to this command to give the Gospel to the world. Christ is the greatest missionary in the world. He was sent, without salary, by the Foreign Mission Board of Heaven to die for this lost world. The Spirit of Christ is the spirit of missions, therefore, how can an anti-missionary spirit be the spirit of Christ? "If any man have not the spirit of Christ, he is none of his." Our Saviour says, "Follow me." It is impossible for us to follow Christ without being missionaries.

Though God has separated the continents and islands of the earth from each other by oceans and seas, yet the revelation of navigation and railroads to the human family, changing of governments, opening of the doors of the nations of the world, are the great highways of missionary operations, along which can be heard the voice of Providence saying, "come on and occupy."

The demands for enlarged missionary efforts is greater now than ever before.

Selfishness is a law of Hell. Unselfishness is a law of Christ's Kingdom. Hell is said to be selfishness on fire. Selfishness and ignorance hinder missions more than anything else. The morals of every nation that has been left to the blithing curse and darkness of Romanism and Paganism have gone to the dogs.

Baptists hold the whole truth as no other denomination upon earth holds it, hence, how great is the obligation upon us to give the world, not a fractional Gospel, but an integral Gospel, not a light whose dimness will cause the lost to stumble into Hell, but "The Light of the World," which leads to everlasting felicity.

The souls of men are to suffer eternally with demons, or to be glorified with God. The combined resources of the Universe are powerless to furnish the value of one soul. Christ died to save lost souls. Oh, what must be the value of the perishing millions of heathens. Men and women are anxiously waiting to be appointed to foreign fields.

Let every Baptist be determined that we shall not pass unheeded this voice of the God of nations. There is a healthy increase in the contributions to all departments of missionary effort, but have not done all that we can yet. This Association gave less than 35 cents per capita last year to all missions. Next year with a membership of 2,500 Baptists we can easily double last year's contributions, and the average for each of us would pay for one square meal at a first-class hotel. What a sum to give annually to save hundreds of perishing heathens from perishing. How much longer will we allow the debt we owe God to increase, its interest to increase and compound upon us? Let every Baptist in this Association give something next year to missions.

GEO. W. KNIGHT,
Chairman.

## 4. REPORT OF COMMITTEE ON WOMAN'S WORK.

Your Committee on Woman's Work beg leave to report:

In the life of Christ on earth we see that He had a great appreciation for women in their zeal of service to Him and His cause. Mary and Martha, of Bethany, stand high in the Master's affections and esteem. He commanded the noble service involving great expense of Mary when she annointed Himself for His burial. He had woman to first announce His resurrection to the discouraged disciples who had gone back to their fishing nets.

In the lives and labors of the Apostles the Christian women were prominent in good works, in furthering the cause of spreading the Gospel in that land.

We feel warranted, therefore, from the examples and precepts of the N. S. in commending in the strongest terms to the churches of the Association the ladies societies now organized and being organized in the several churches.

The number of societies now in the Association is, 17 Woman's Societies and 4 Sun-Beams, which have raised and paid over this year $1,185.89.

Sister G. D. Phillips, of Shubuta, is the Vice-President of Woman's Work in the Association. Sister R. W. Simrall, of Clinton, is State Secretary of the Central Committee. Sister M. J. Nelson is the agent of Convention Board, to travel among the churches and organize the sisters into societies.

We recommend the following:

First. That the sisters in all churches which have not societies be hereby earnestly requested to organize ladies' societies at the earliest practicable day, writing to Sister Phillips for necessary instructions.

Second. That all societies fail not to make regular quarterly reports to Sister Leavell of the amount raised each quarter.

Third. That Sister Nelson be cordially received by our churches, and that she be not allowed to have to go to hotels when coming to our towns, but met and entertained and aided by our brethren as she may need.

Fourth. That our pastors take up this matter as they ought, and from the pulpit and and at the fireside, lend all due assistance to the pious women and girls in this work.

L. M. STONE,
J. W. BOZEMAN,
W. H. HARDY,
J. M. PHILLIPS,
Committee.

## 5. REPORT OF COMMITTEE ON SUSTENTATION.

Your committee would say that we have learned from the Finance Committee that nothing has been sent up to this Association for this most worthy object. This is a sad commentary in our record.

There is possibly no subject presented to this Association for discussion more worthy of our consideration and hearty support than this. It is not only cheering and making glad the heart of the physically weak and wayworn, but is is well pleasing to the Giver of all great and good gifts.

"He that giveth to the poor lendeth to the Lord."

Your committee does not know whether there are in the bounds of this Association any superannuated preachers or not, and if there should be none that does not relieve us from the duty of preparing and

holding ourselves in readiness to do the work of our Master.

We would, therefore, earnestly recommend that the pastors of this Association lay before each of their respective churches this worthy object, and also that they take up a special collection for this fund.

We further recommend that a committee of three be appointed, whose duty it shall be to survey the fields within the bounds of this Association so that we may know if there are any superannuated preachers; such committee to report to the next session of this Association.

Respectfully Submitted,
W. S. CULPEPPER,
Chairman.

## 6. REPORT ON RAWLS SPRINGS HIGH SCHOOL DEBT.

We, your committee, report that this debt contracted by our ex-missionary, Elder S. O. Y. Ray, and assumed by Brother C. F. Woods, to the Meridian Sash & Blind Factory, for one hundred and fifty-two dollars and fifty cents, be settled.

In consideration of the fact that this school is not altogether the adopted child of this Association, but is under the fostering care of two other Associations, viz: Pearl Leaf and Ebenezer. We are of the opinion that this Association should pay one hundred and two dollars and fifty cents of this indebtedness, and the Clerk of this Association send a copy of this correspondence and also this report to each one of the other two Associations interested in this school, and they be requested to each pay twenty-five dollars of this indebtedness which will liquidate the indebtedness.

Respectfully Submitted,
W. H. PATTON,
W. M. CONNER,
H. H. MCCOMB,
Committee.

## 7. REPORT OF COMMITTEE ON MISS CREED'S REQUEST.

Your Committee, to whom the request of Miss Lillie Creed, of Narkeeta, was referred, find that it is impossible, with the opportunities afforded us, to be able to make a report at this session of the Association. In view of the very liberal offer of the Shuqualak Female College to take this young lady for seventy-five dollars a session, ask that we be given power to act in the matter as may be thought best, and that if we deem it advisable for this Association to adopt this young sister and accept Brother Stone's generous offer, we be given power to do so, and make our report to the next meeting of this body.

T. B. BONNER,
W. H. PATTON,
W. H. HARDY,
Committee.

## 8. REPORT OF COMMITTEE ON PUBLICATIONS.

The more general circulation of the Bible and our denominational literature is a matter which should receive earnest attention. Our people are becoming year by year more of a reading people. They read the secular papers largely regardless of their moral or immoral teaching, and they allow the young to revel in the iniquity of reading worse than trashy novels. There is but one way to counteract these

things and that is to furnish a pure and elevating literature. Nothing is more potent in this direction than a good denominational newspaper, one that speaks the truth in love and soberness and gives forth no uncertain sound. This we have in our own bounds, we think, the SOUTHERN BAPTIST RECORD, which should have our individual support.

Among the outside publications we mention the "Home Field," the "Foreign Mission Journal," "Kind Words" Series and the publications of the American Baptist Publication Society. Pastors should urge their people to secure this literature for the home and for the Sunday School, and encourage such reading. Should the Association employ a missionary he should be fully supplied with those publications and labor to circulate them.

As an introduction to these, your committee knows of no better agency than our State paper, and hence trust that it will soon find a place in every Baptist family, and in as many others as will receive it kindly

Respectfully Submitted,

L. A. DUNCAN,
J. W. PHILLIPS,
J. A. HACKETT,
B. F. QUARLES,
C. A. BRADLY,
Committee.

## 11. REPORT OF VICE-PRESIDENT OF WOMAN'S WORK.

I am happy to report to you an increase in contributions from our Woman's Mission Societies. All have not done as well as they *might* have done, but the aggregate goes beyond anything we have ever done before.

We have an increase also in the number of our societies, which is due to the influence of our woman missionary, Mrs. M. J. Nelson.

This Godly and consecrated woman recently spent a few days working in our Association. She did much good in arousing our sisters to a sense of their duty in mission work. If she could visit all our churches you would be surprised at our report *next* year. We hope, however, to have her again before long. Brethren and sisters, "Receive her in the Lord as becometh saints, and assist her in whatsoever business she hath need of you." Romans, 16:2

## 12. REPORT ON MINISTERIAL EDUCATION.

This department of our educational work demands the special attention of all who feel an interest in the cause of their Redeemer.

If there is any work or calling that surpasses any in importance, it must be the preaching of the Gospel and the unfolding of the riches of God's grace to the children of men. A work frought with so much importance and responsibility certainly requires the most careful preparation that can be acquired by those who are to enlist in the great work. Education does not make the man nor the preacher, but it is the improving of the talents which God has given us. It is the unfolding, the developing of what is in the man. It is the training of the mental forces from which a man receives power to do his work more effectually.

It is said that "preaching is teaching." It is not only teaching in the common sense of the term, but it is the teaching of the most sublime science that has ever been revealed to the mind of man. The science that God is just, and still justified of the sinner that believes on Jesus Christ.

Shall we then, be careless or indifferent in reference to educating our ministers? Surely every Christian heart should be in sympathy with this work and we should ever be ready to open our purse in response to the calls for help which are constantly being made. It gives us great pleasure to see what is being done by Mississippi College, Clinton, Miss., and the Theological Seminary, Louisville, Ky., to accomplish this work. It affords us great satisfaction to see the brethren and sisters taking hold of this work throughout the State. While we have not done what we could, yet our efforts have been in a measure commensurate with the demands that have been made.

However, the work is growing in importance and in magnitude. More laborers are being sent into the field, and the cry for an educated ministry is coming up from almost every direction. Therefore, let us enlarge our contributions and our efforts in this line of work and pray that God may bless our efforts to his own glory and the good of his cause.

W. K. RED, Chairman.
JAMES DAVIS.

## 13. REPORT OF COMMITTEE ON STATE OF CHURCHES.

Your Committee on the State of Churches submit the following report:

On examining the letters we find that the harmony and fellowship of the churches, with but one or two exceptions, are good. The reports on the Sunday School work are encouraging, and yet we find some of the churches without such schools. While a few of our churches have had no accessions by baptism, yet very near all of them have been spiritually revived, and a good number of them have had very cheering revivals, and a good number have been added to the churches. Judging from the report on total contributions we find the liberality of the churches to be a little on the increase.

We find that our ladies are doing a noble and grand work and may they continue with the blessings of the Lord resting on their earnest efforts.

*Resolved*, That a committee of three be appointed to inquire into the cause of failure of Bethlehem, Lauderdale and Yellow Creek churches to represent themselves in the Association for the past two years and report them at our next meeting.

In conclusion, we recommend that pastors do all in their power to aid and encourage the sisters in their work, and while we are trying to develop the churches in all other graces, let us be sure to teach them to abound in the grace of liberality also.

Respectfully Submitted,

SID WILLIAMS,
Chairman.

## 14. REPORT OF COMMITTEE ON SUNDAY SCHOOLS.

The day for arguments in behalf of the Sunday School has passed. It is now a recognized fact that it is almost an indispensable department of church work. How it should be conducted is the question, and what is its scope? That there are difficulties to be encountered is freely admitted, and that evils have to be met cannot be denied, but not more nor greater than in some other branches of organized work.

Your committee feel that every church is under obligation to establish and keep up at least one Sunday School. The officers should be chosen by the church and make stated report sheets of its progress and condition. Sound Baptist literature should be used, and our distinctive doctrine be plainly taught. Nothing should be allowed to displace the Bible.

We are convinced that all schools should hold sessions every Sunday if possible. Not to hold them is to risk neutralizing doctrinal instruction by the teaching and influence of other schools that may be attended by the scholars. Our people are becoming too careless on this point; forgetting the injunction, "Take heed how ye hear."

There is much to encourage us in the reports to the Association this year. It appears that twenty of thirty churches comprising this body last year have Sunday Schools showing 1,150 scholars and 141 teachers and officers; 7 have no schools, with 3 silent. Of the six churches received at this meeting, five have schools, making 482 scholars and 45 teachers and officers, and one getting ready. This gives us a total of 1,632 scholars and 186 teachers and officers, with promises and prospects of a large increase in the coming months.

If the minutes of our Associations were thoughtfully read, it would be in order to make suggestions as to the proper organization and work of the Sunday Schools. It should be borne in mind that it is not a church for the children, for it has not the prerogative of a church, nor is it for children only. The Superintendent must know his teachers and the teachers know their scholars everywhere, in the class, at home, on the streets, and know them by name. Individualize them on personal religion as opportunity offers, and utilize them for tract distribution and practical missionary work, remembering the Scripture, that "A little child shall lead them."

# Special Notice!

Brethren: Year after year has this special notice occupied a space in our minutes, the necessity for it still exists. Yet I must say I feel encouraged, as I notice a marked improvement in your church letters especially those churches that preserve and use the blanks furnished. Let me urge upon you to use these blanks instead of writing your letters.

Be sure and report every contribution, this is very important in order that our denomination may be fairly represented. The usual blanks accompany these minutes.

Fraternally, etc.,

W. M. CONNER,

Clerk.

# Notice! Notice!

Those who subscribed to Endowment Fund, send the amount of your pledge to Rev. J. B. Gambrell, Meridian, Miss. Those subscribing to Rawls Springs High School and Miss Creed's Fund can send the amount of their pledges to me, and be sure and send these amounts in as early as convenient.

Fraternally Yours,

W. M. CONNER,

Clerk and Treasurer.
